

MYANMAR

Winners of Myanmar onshore oil and gas tenders announced

14 October 2013

On Thursday, 10th October 2013, the Myanma Oil and Gas Enterprise (**MOGE**) announced the winners of the Myanmar onshore oil and gas tenders. In January 2013, MOGE had offered out to tender 15 Production Sharing Contracts (**PSCs**) and 3 Improved Petroleum Recovery Contracts (**IPRCs**). 13 of the 15 PSCs and all 3 IPRs were awarded.

Out of the 26 companies that had submitted final proposals for the blocks in August, only 9 companies were successful. Surprisingly, some companies such as ONGC, ENI and Pacific Hunt Energy Corp. Canada were awarded more than one block, though further details of these awards have not been released.

The successful bidders are listed below.

MOGE - Onshore Bidding Round 2013 Contract Award

Block	International Oil Company
<u>PSC Blocks</u>
